

WE ARE HIRING |

LABORER

SALARY

Starting at \$20 an hour paid every Friday

JOB TYPE

Full time and part-time availability

OUR VISION

Our vision is to create Zero Energy Ready villages and homes for Twin Cities' families seeking sustainable and environmentally conscious housing. GreenHalo homes are constructed to exact standards using sustainable materials with an eye toward resource conservation. Every home ensures its family clean indoor air, exceptional energy efficiency, low-maintenance upkeep, plus the tools to achieve a Zero Energy Ready home and remove the financial burden of recurring energy costs altogether.

JOB DESCRIPTION

We're looking for a Laborer that puts culture as a top priority. We are a fast-growing Green Builder located in Stillwater, MN. GreenHalo laborers are instrumental in the development of our sustainable homes. Our crew works hard, works as a team, and does whatever is needed to deliver exceptional builds on schedule. We want to enjoy the journey of moving forward together while providing essential experiences to help your future.

REQUIREMENTS

- At least 18 years old
- Project Management
- Keep jobs on task and on schedule
- Openly communicate with contractors on the field
- Ability to assist all contractors as needed
- Maintain quality control and safety standards

A DAY IN THE LIFE

- Manual labor as assigned: This may include jobs such as demolition, carrying heavy materials, and construction.
- General project management – managing people, time, and priorities most effectively.
- Coordinating schedules with other crew members
- Preparing layout area where construction will occur by properly measuring, marking, or recording openings or distances.
- Cleaning and preparing areas of jobsite as assigned. Examples include digging trenches, erecting scaffolding, cleaning up rubble, debris, and trash.
- Cleaning jobsite at the end of the day, ensuring trash is correctly disposed of and materials or equipment are properly stored.
- Performing other related duties as assigned.
